

About Us

Since 2013, **Stride** has combined innovative SaaS technology, health insurance expertise and a customer-first approach resulting in an insurance recommendation and enrollment platform utilizing proprietary decision support tools to modernize the healthcare market. This customizable and configurable solution enables health plans, agents, and consumers to confidently navigate complex health insurance decisions. Our seamless, secure, and end-to-end solutions combine an intuitive shopping and quoting experience, eligibility verification, and Phase 3 Enhanced Direct Enrollment (EDE) integration.

Stride offers peace of mind when making one of life's most important decisions so individual consumers are confident their family is protected with insurance that fits their health care needs and budget.
